## **BUCK'S LE J'OG TEAM RAISES £6K FOR SEEABILITY**

**LONDON:** 25 September 2008 – Buck Consultants (Buck), an ACS company and one of the world's leading human resource and benefit consulting firms, today announced that members from the Health & Welfare team at Buck have raised £6,000 for the charity SeeAbility.

Between them, two teams of seven runners each covered the 70 mile last stage of 'LE J'OG' – the relay run from John O'Groats to Land's End, starting at Lostwithiel and finishing at Land's End.

Adrian Norris, MD Health & Welfare at Buck Consultants, said: "This is the second year we have taken part in this event to raise money for this very worthy charity. It is great to see the effort everyone puts into completing the challenge, both in terms of fund raising and the training that has been undertaken. We all feel a great sense of achievement, along with a few sore feet!"
