

FOR IMMEDIATE RELEASE

BUCK HOSTS BREAKFAST ROUNDTABLE

LONDON: 24 October 2008 – Buck Consultants (Buck), an ACS company and one of the world's leading human resource and benefit consulting firms, today announced details of a new breakfast roundtable, titled 'People vs Profit'. The thought leadership event, held in association with Clarke Willmott, will explore how to leverage the tension between engagement, performance and the bottom line successfully.

Most businesses struggle with two competing sets of priorities: employees need to feel involved, valued and that their work has meaning. Employers need predictable levels of delivery, the achievement of targets and, ultimately, growth on the bottom line. In tough times, the pressures on both sides grow even greater.

Anna Marie Detert, Head of Human Capital & Communication at Buck, comments: "The roundtable provides an opportunity to share experiences and to generate new thinking on whether it is really possible to reconcile the science of balancing the books with the art of engaging your people."

This complimentary event will take place in London on Thursday 13 November and is aimed exclusively at HR directors. To book a place, please contact Jasmine Roncesvalles on 020 7429 1273 or email marketinguk@buckconsultants.com.
